Dear Harold and Lil;

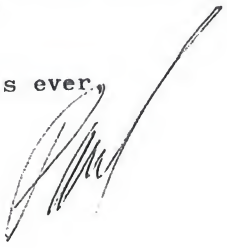
Thanks for your very informative letter. It seems that you are very busy(as usual) with the new JFK records and work on the King case. I am looking forward to meeting Howard Roffman. I have read his book and I remember you have always spoken very highly of him. If he is working for Lucas' Company he is with a very solid concern. Universal City is only about 15 min. from me.

At the present I am no longer with Q.M. Prod. After 19 years at the same place it is a funny feeling to out among them again.

I am sorry to hear of Lil's sciatica trouble and happy to hear that your health is a little better.

I misplace the latest Penn Jones newsletter but will find it and send it on. He mentions you as hopeing you will contribute something to the letter to keep it going.

In case you have misplaced my phone number it is (213) 652-0231, for Roffman.

Best to you and Lil.


As ever,
